From the information that you have provided to me in your letter, as well as my personal knowledge of the facts concerning this matter, I cannot support and, in fact, I strongly disagree with, the conclusions you have cited concerning the inventorship analysis regarding the patent application.

I believe that the facts as I have stated in this letter confirm that the Patent Application as submitted to the United States Patent and Trademark Office with Dr. Sheldon Rothenberg, Dr Maria da Costa and Mr Jeffrey Sequeira as the inventors should not be amended to include Dr. Quadros as an inventor and that The Research Foundation should follow through on the processing of this patent application as submitted.

Thank you.
